Part 1: INTRODUCTION

1.1 About the Pacific Community (SPC)

The Pacific Community (SPC) is the principal scientific and technical organisation of the Pacific region, established by treaty in 1947 with the signing of the Agreement Establishing the South Pacific Commission (the Canberra Agreement).

SPC has our headquarters in Noumea, New Caledonia and has regional offices in Fiji, the Federated States of Micronesia and Vanuatu, as well as an office in France. SPC works across the Pacific and has staff in nearly all of our Pacific Island Country and Territory members.

SPC works for the well-being of Pacific people through the effective and innovative application of science and knowledge and is guided by a deep understanding of Pacific Island contexts and cultures. Our unique organisation covers more than 20 sectors and is renowned for knowledge and innovation in such areas as fisheries science, public health surveillance, geoscience and conservation of plant genetic resources for food security.

For more information about SPC and the work that we do, please visit our website: https://www.spc.int/.

1.2 SPC's procurement activities

SPC's procurement activities are guided by the principles of high ethical standards, value for money, open competition and social and environmental responsibility and are carried out under our Procurement Policy.

SPC's *Procurement Policy* provides the framework for ensuring that SPC obtains the best value for its purchases, in terms of both cost and quality; demonstrates financial probity and accountability to its members and development partners; manages and prevents the potential for conflicts of interest; reduces its environmental impact and manages any other risks.

At SPC, all procurement follows the same main steps: planning; statement of needs; requisition; solicitation; evaluation; award; receipt; and payment. Different procedures apply depending on the value of the goods, services and works to be procured.

For further information or enquiries about SPC's procurement activities, please visit the procurement pages on our website: https://www.spc.int/procurement or email: procurement@spc.int.

1.3 SPC's Request for Proposal (RFP) Process

At SPC, procurement valued at more than EUR 45,000 must be advertised through a Request for Proposal (RFP) with any bids received evaluated by SPC's Procurement Committee to determine the offer that provides the best value for money.

This RFP sets out SPC's requirements and it asks you, as a bidder, to respond in writing in a prescribed format with pricing and other required information. The RFP contains detailed instructions and templates to enable you to submit a compliant bid. It sets out the overall timetable; it confirms the evaluation criteria that SPC will use to evaluate proposals; it explains the administrative arrangements for the receipt of the bids; and it sets out how bidders can request further information.

Your participation confirms your acceptance of SPC's conditions of participation in the RFP process.

Part 2: INSTRUCTIONS TO BIDDERS

2.1 Background

SPC invites you to submit a bid to deliver the services as specified in Part 3.

SPC has advertised this RFP on its website and may send it directly to potential vendors. The same specifications, submission and other solicitation requirements will be provided to all vendors.

SPC has compiled these instructions to guide prospective bidders and to ensure that all bidders are given equal and fair consideration.

Please read the instructions carefully before submitting your bid. For your bid to be considered, you must provide all the prescribed information by the closing date and in the format specified.

2.2 Submission instructions

Your submission must be clear, concise and complete and should only include information that is necessary to respond effectively to this RFP. Please note that you may be marked down or excluded from the procurement exercise if your submission contains any ambiguities or lacks clarity.

Your proposal must include the following documents (annexes of <u>Part 5</u> of the RFP):

- a) Bidder's Letter of Application (Annex 1);
- b) Conflict of Interest Declaration (Annex 2);
- c) Information about the bidder and Due diligence (Annex 3);
- d) Technical proposal submission form (Annex4);
- e) Financial proposal submission form (Annex 5).

Your proposal must be submitted in two separate emails.

You must submit your **Technical proposal** (Annexes 1 to 4 and all their supporting documents) in English as an attachment to one email. No financial information may appear in the technical proposal.

You must submit your **Financial proposal** (Annex 5) in a separate email. All prices in the proposal must be presented in EURO. Your Financial proposal is to be password protected. SPC will request the password in the event that it is required.

Both emails are to be sent to <u>procurement@spc.int</u> with the subject line of your email as: **Submission RFP22-4904**.

Your proposal must be received no later than **3/02/2023** by **23.59 FJT**. Bidder can put in a consolidated bid for all the outputs or bid partially for one output however if awarded partially the consultant will need to work with other awardees as a group to complete the required outputs.

SPC will send a formal acknowledgement to each proposal received before the deadline.

SPC reserves the right to exclude from consideration any proposal not received by the deadline, with incomplete information or in incorrect form.

2.3 Clarifications

You may submit questions or seek clarifications on any issue relating to this RFP. The questions are to be submitted in writing to procurement@spc.int with the subject line: Clarification RFP22-4904. The deadline for submission of clarifications is 20/01/2023 by 23.59 FJT.

Details will be kept of any communications between SPC and bidders. This assists SPC to ensure transparency of the procurement process. While SPC prefers written communication in the RFP process, at any point where there is phone call or other conversation, SPC will keep a record or a file note of the exchange with prospective bidders.

2.4 Evaluation

Validity

Each proposal will be assessed for compliance with the submission requirements by the Bids Opening Committee. At this stage, basic due diligence will also be undertaken.

To assist in the examination, evaluation and comparison of proposals, SPC may ask the bidder for clarification of its proposal or additional information. The request for clarification will be in writing.

Technical

All valid proposals will be assessed against the technical evaluation criteria set out in Part 4. The criteria are provided with weighted scores according to the relative importance of each. SPC will not change the evaluation criteria set out in the RFP at any stage of the procurement process. Any changes in the evaluation criteria will result in the RFP process being re-issued.

Bidders are expected to familiarise themselves with local conditions and take these into account in preparing their proposal. Where minimum qualifications are set as specific evaluation criteria (which may include educational qualification, professional accreditation or certification, licensing, experience and expertise), proposals submitted must necessarily meet these criteria.

Shortlisted bidder's presentation

Bidders that are short-listed during the RFP evaluation process shall be required to conduct a presentation to, and respond to queries of, SPC's Procurement Technical Evaluation Committee. The bidders will be provided an opportunity to provide an overview of the operational aspect of the services they are proposing.

Financial

Any bids that pass the minimum technical evaluation requirements will pass onto financial evaluation.

During the financial evaluation, if there is a discrepancy between the unit price and the total price, the lower price shall prevail. If there is a discrepancy between words and figures the amount in words will prevail.

The total cost of the proposal must be submitted inclusive of taxes in accordance with the applicable legislation, and is not subject to revision.

2.5 Contract award

SPC may award the contract once the Procurement Committee has determined that a bidder has met the prescribed requirements and the bidder's proposal has been determined to be the most responsive to the RFP documents, provide the best value for money and best serve the interests of SPC.

SPC's <u>General Terms and Conditions of Contract</u> will apply to any contracts awarded under this RFP, unless otherwise agreed. Any requested changes to the General Terms and Conditions of Contract must be foreshadowed in the submission.

The award of the contract will be made by contract signed and dated by both parties.

2.6 Key dates

Please see the proposed procurement timetable in the table below. This timetable is intended as a guide only and while SPC does not intend to depart from the timetable, it reserves the right to do so at any stage.

STAGE	DATE
RFP advertised	4/01/2023
Deadline for seeking clarification	20/01/2023
RFP Closing Date	3/02/2023
Award of Contract	7/03/2023
Commencement of Contract	15/03/2023
Conclusion of Contract	31/07/2023

2.7 Legal and compliance

Child and vulnerable adult protection: SPC is committed to the well-being of children and vulnerable adults. All SPC contractors are required to commit to the principles of SPC's Child and Vulnerable Adult Protection Policy (XI.G Manual of Staff Policies). Breach of this requirement can result in SPC terminating any contract with a successful bidder. Any allegations of potential misconduct in relation to this RFP involving children or vulnerable adults should sent to complaints@spc.int.

Confidentiality: Unless otherwise agreed by SPC in advance or where the contents of the RFP are already in the public domain when **shared** with the bidder, bidders shall at all times treat the contents of the RFP and any related documents as confidential. SPC will also treat the information it receives from the bidders as confidential.

Conflict of interest: Bidders must take all necessary measures to prevent any situation of conflict of interest. You must notify SPC in writing as soon as possible of any situation that could constitute a conflict of interest during the RFP process. If you have any familial connection with SPC staff, this must be declared, and approval will then be sought for you to engage in the RFP process. Breach of this requirement can result in the exclusion of the bidder from the RFP process or in SPC terminating any contract with a successful bidder.

Cost of preparation of proposals: Under no circumstances will SPC be liable for any proposal submission costs, expenditure, work or effort that you may incur in relation to your provision of a proposal (including if the procurement process is terminated or amended by SPC).

Currency, validity, duties, taxes: Unless specifically otherwise requested, all proposals should be in EURO and must be net of any direct or indirect taxes and duties and shall remain valid for 120 days from the closing date. The successful bidder is bound by their proposal for a further 60 days following notification they are the preferred bidder so that the contract may be awarded. No price variation due to escalation, inflation, fluctuation in exchange rates, or any other market factors shall be accepted at any time during this period.

Eligibility: Bidders are required to disclose to SPC whether they are subject to any sanction or temporary suspension imposed by any international organisation, or whether they are subject to bankruptcy proceedings. You may not be bankrupt or suspended, debarred, or otherwise identified as ineligible by any international organisation. Failure to disclose such information may result in debarment and termination of any contract issued to the bidder by SPC.

Fraud and corruption: SPC has zero tolerance for fraud and corruption. All contractors have an obligation to report potential fraud and corruption. Breach of this requirement can result in the exclusion of the bidder from the RFP process or in SPC terminating any contract with a successful bidder. Allegations of potential misconduct by an SPC staff member or contractor involving fraud or corruption can be sent to complaints@spc.int.

Good faith: The information in this RFP is provided by SPC in good faith. No representation, warranty, assurance or undertaking (express or implied) is or will be made, and no responsibility or liability will be

accepted by SPC in relation to the adequacy, accuracy, completeness or reasonableness of this RFP or any information provided by SPC in relation to this RFP.

Modifications: Any clarifications, corrections or modifications will be published on the SPC website prior to deadline. In the event a bidder has submitted a bid before the clarification, correction or modification, the bidder will be informed and may modify the bid. The modified bid will still need to be received before the deadline.

No offer of contract or invitation to contract: This RFP is not an offer to contract or an invitation by SPC to enter into a contract with you.

Privacy: The bidder is to comply with the requirements of applicable legislation and regulatory requirements in force for the use of personal data that is disclosed for the purposes of this RFP. SPC will handle any personal information it receives under the RFP in line with its Privacy Policy, and the <a href="Guidelines for handling personal information of bidders and grantees.

Right to amend, seek clarity, withdraw, not award: SPC reserves the right to: (1) amend, add to or withdraw all or any part of this RFP at any time, or to re-invite bids on the same or any alternative basis; (2) seek clarification or documents in respect of any bidder's submission; (3) choose not to award a contract as a result of this RFP; (4) make whatever changes it sees fit to the timetable, structure or content of the procurement process, depending on approvals processes or for any other reason. Please note that while SPC will not change the evaluation criteria set out in the RFP without the RFP process being re-issued, SPC does reserve the right at the time of award of contract to vary the quantity of services and goods specified in the RFP and to accept or reject any proposal at any time prior to award of the contract without incurring any liability to the affected bidder or any obligation to inform the affected bidder/s of the grounds for SPC's action.

Right to disqualify: SPC reserves the right to disqualify: (1) any bidder that does not submit a proposal in accordance with the instructions in this RFP; (2) any bidder that misrepresents information to SPC; (3) any bidder that directly or indirectly canvasses any SPC employee concerning the award of a contract.

Use of material: Bidders shall not use the contents of the RFP or any related material for any purpose other than for the purpose of considering submitting, or submitting, a bid to SPC.

Warranty, representation, assurance, undertaking: The bidder acknowledges and agrees that no person has any authority to give any warranty, representation, assurance or undertaking on behalf of SPC in connection with any contract which may (or may not) follow on from this RFP process.

2.8 Complaints process

Bidders that consider they were not treated fairly during any SPC procurement process may lodge a protest. The protest should be addressed to complaints@spc.int. The bidder must provide the following information: (1) full contact details; (2) details of the relevant procurement; (3) reasons for the protest, including how the alleged behaviour negatively impacted the bidder; (4) copies of any documents supporting grounds for protest; (5) the relief that is sought.

Part 3: Terms of Reference

Project Title: Review of the Pacific Public Health Surveillance Network (PPHSN)

I. Introduction

The <u>Pacific Public Health Surveillance Network</u> (PPHSN) is a voluntary network of countries and organisations dedicated to the promotion of public health surveillance and appropriate response to the health challenges of 22 Pacific Island Countries and Territories (PICTs). Created in 1996 under the joint auspices of the Pacific Community (SPC) and the World Health Organization (WHO), PPHSN's goal is to strengthen disease surveillance and the timely detection and coordinated response to disease outbreaks at national and regional levels.

The core members of the PPHSN are the Departments and Ministries of Health of the PICTs; the allied members of the PPHSN comprise regional training institutions, agencies, laboratories, and other organizations or networks with an interest in public health surveillance in the region, who chose to be a PPHSN member. The PPHSN is served by a Coordinating Body (CB), with membership rotated in a staggered manner. SPC has been designated as the focal point for communications and other ongoing support functions.

To achieve the goal of PPHSN, six support services have been established, building upon the successes of each network, namely:

- i) EpiNet for preparedness and response,
- ii) LabNet for disease verification and identification,
- iii) Pacific Syndromic Surveillance System (PSSS) for outbreak detection,
- iv) PacNet for alert and communication,
- v) PICNet for infection prevention and control, and
- vi) Strengthening Health Interventions in the Pacific (SHIP) Data for Decision Making (DDM) the capacity development programme.

There are five development strategies based on the <u>Strategic Framework 2003-2006</u> supporting these networks:

- i) harmonization of surveillance data and development of appropriate surveillance systems,
- ii) publication and dissemination of timely, accurate, and relevant information,
- iii) training in applied epidemiology and public health surveillance,
- iv) extension of the electronic communication network to new partners, services and other public health networks, and
- v) development of relevant and cost-effective computer applications.

During the PPHSN-Coordinating Body (CB) meeting in March 2019 and the 7th Pacific Heads of Health meeting in April 2019 conducting an external review (assessment) of PPHSN was discussed and endorsed. No suitable bids were made for a review to be conducted in the second half of 2019 and the COVID-19 pandemic put a hold on this activity. The following PPHSN-CB meeting in June 2022 again recommended that an external review of PPHSN be conducted.

The activity will:

- 1. review the status of each of the six networking services before the COVID-19 pandemic,
- 2. assess the regional and national governance and coordination capacities in surveillance and preparedness and response during health emergencies (outbreak/pandemic and disasters),
- 3. evaluate the achievement of the goal of PPHSN through the six services,

- 4. document the lessons learned during the COVID-19 pandemic,
- 5. examine the collaboration between the countries and partner agencies supporting the six services, and
- 6. identify opportunities for other regional support services or regional goods that could be offered under the umbrella of PPHSN.

The results of the review will be used to facilitate the updating of the PPHSN 2003-2006 Strategic Framework and the drafting of the 2023-2027 Strategic Plan (not included in the present consultancy).

II. Scope of Work

The Pacific Community (SPC) seeks the services of a technical assistance provider(s) to conduct a review of the Pacific Public Health Surveillance Network services and strategies implemented during the last 5+ years. The goal of the review is to determine the impact of the PPHSN services and strategies on the health information system, public health surveillance and outbreak response in the Pacific at both the country and regional levels. Additionally, the review will assess how PPHSN has contributed to regional health security and how it has contributed to the achievement of IHR 2005 core capacities at country level. Finally, the review will identify opportunities for the future direction and growth of the network. The review results are intended to guide the updating of the PPHSN Strategic Plan for the coming years.

Specific Objectives

- 1. To review the performance and impact of PPHSN strategies and services for the last 5+ years in relation to the implementation of the 2003-2006 Strategic components (goals, objectives, strategies and expected outcomes);
- 2. To assess the current governance and coordination structure of PPHSN, including what constitutes an effective member of the PPHSN-CB, and how they can be aligned to changing regional health architecture;
- 3. To assess the current governance and coordination structure of PICTs in relation to surveillance, infection prevention and control and response to health emergencies (disease outbreaks);
- 4. To assess the current role of PPHSN in support of regional health security and of attainment of IHR 2005 core capacities by PICTs;
- To make recommendations on key focus areas to be included in the PPHSN Strategic Plan, including approaches for integrating the three priorities for health security in the Pacific, i.e. CDs, NCDs and climate change in working towards the 2050 Strategy for the Blue Pacific Continent and the SDGs; and
- 6. To examine resourcing arrangements that promote collective responsibility and accountability of PPHSN.

III. Expected Outputs

- Inception report with detailed evaluation plan, methodology and timelines of the review
- 2. Final PPHSN review tools and method of analysis
- 3. Detailed evaluation report with summary of findings, including results, feedback on performance and implementation, and recommendations for the way forward;
 - a. Debriefing with initial findings.
 - Draft report: A print ready revised report, incorporating the comments and suggestions from member countries, key stakeholders and SPC will be submitted no later 30 June 2023.
 - c. The final report accompanied by all documentation, including raw data, tools and all documents, will be submitted no later than 31 July 2023.

4. Presentation during a PPHSN meeting (including power-point material and a summary sheet).

IV. Institutional Arrangement

The consultants will be responsible to the Director of Public Health Division, SPC.

Contract parameters

The SPC Surveillance, Preparedness and Response Programme will coordinate the review team and will undertake the following specific responsibilities throughout the assignment:

- 1. Hire the review team / consortium.
- 2. Provide assistance with the following tasks:
 - a. Terms of Reference (TOR): respond to queries about the TORs and the assignment at large.
 - b. Documents: Identify and prioritize background materials for the assessment team and provide them, preferably in electronic form, at least a week leading to the inception of the assignment.
 - c. Site visit preparations if required and agreed upon: provide a list of key contacts, and suggested length of visit for use in planning country travel and realistic estimate of travel costs.

V. Duration of the Work

The consultants will be engaged for up to 70 working days for this consultancy.

VI. Duty Station

The consultants will work remotely from their country of residence, with travel to PICTs based on the methodology and Pacific Community office as needed.

VII. Qualifications of the Successful Contractor

A team of consultants (minimum 3 individuals) will be engaged with expertise in:

- 1. Evaluation of networks and public health information and surveillance systems;
- 2. Public health surveillance, response and disease control including CDs, NCDs and health security at national, regional and international levels and in running of regional networks and information and communication technology;
- 3. Human resource development and strategic planning in resource constrained settings;

Additional technical expertise in the following areas will be highly valued:

- 1. Laboratory surveillance and laboratory quality management systems, and microbiology strengthening.
- 2. Infection prevention and control and antimicrobial resistance surveillance.
- 3. Multi-source surveillance systems.
- 4. Epidemiological response to outbreaks.
- 5. Delivering capacity building training programs in public health.

Bidders with extensive expertise in one or more of the above technical areas may submit a partial bid to evaluate specific services of the PPHSN as part of a consortium of consultants.

VIII. Schedule of payments

The consultants will be paid in tranches upon submission of deliverables as shown in the table below.

Milestones/Outputs	% Payment
Submission of inception report	20%
Submission of the tools to be used for the review and method of analysis	30%
Submission of draft results of the review	20%
Submission of the final report and all documentation	30%
TOTAL	100%

Part 4: PROPOSAL EVALUATION MATRIX

4.1 Evaluation criteria & Score Weight

A two-stage procedure will be utilised to evaluate the proposals, with evaluation of the **Technical proposal** being completed prior to any **Financial proposal** being opened and compared.

The competencies which will be evaluated are detailed in Part 3.

The evaluation matrix bellow also reflects the obtainable score specified for each evaluation criterion (technical requirement) which indicates the relative significance or weight of the items in the overall evaluation process.

The technical component, which has a total possible value of 700 points, will be evaluated using the following criteria.

Evaluation criteria	Score Weight (%)	Points obtainable	
Mandatory requirements			
Email 1			
Bidder's Letter of Application (Annex 1);			
Conflict of Interest Declaration (Annex 2);	Bidders will be disqualified if		
Information about the bidder and Due diligence (Annex 3);	any of the requirements are		
Technical proposal submission form (Annex4);	not met		
Email 2			
Financial proposal submission form (Annex 5) – password protected			

Technical requirements		
Experience in technical areas		
Tertiary level education and at least 10 years of relevant professional work experience in the areas of health program evaluations and the different PPHSN service networks (e.g. M&E, program/project evaluations, organisational assessments, laboratory, infection prevention and control, multi-source surveillance systems, epidemiological response to outbreaks, public health capacity building training programs).	25%	175
Have previously completed assessment or evaluation assignments within set timelines and budgets (provide samples/reports of previous assignment).	20%	140
Experience in the Pacific and with PPHSN		
Experience working in and deep understanding of the key issues, culture/religion within the Pacific Region.	15%	105
Knowledge of the PPHSN	10%	70
Proposed methodology		
Brief methodology (1-2 pages) proposed for conducting the review, including role of team members, reference documents, target interviewees, questions to address etc.	20%	140
Proven ability to effectively reach out and communicate to target/key audience to draw out lessons learned and provide forward looking improvements or recommendations in performing the assignment. (Provide samples of previous communication supports)	10%	70
Total Score	100%	700
Qualification score	70%	490

4.2 Financial evaluation

The financial component of the proposal will be scored on the basis of overall costs for the delivery of the services and financial incentives and benefits provided to SPC. The lowest financial proposal will be awarded maximum 300 points and other financial offers and incentives will be awarded points as per the formula below:

Financial Proposal score = (Lowest Price / Price under consideration) x 300

Part 5: PROPOSAL SUBMISSION FORMS

Annex 1: BIDDER'S LETTER OF APPLICATION

Dear Sir /Madam:

Having examined the Solicitation Documents, the receipt of which is hereby duly acknowledged, we the undersigned, offer to supply the required services for the sum as may be ascertained in accordance with the Financial Proposal attached herewith and made part of this proposal.

We acknowledge that:

- SPC may exercise any of its rights set out in the Request for Proposal documents, at any time;
- The statements, opinions, projections, forecasts or other information contained in the Request for Proposal documents may change;
- The Request for Proposal documents are a summary only of SPC's requirements and is not intended to be a comprehensive description of them;
- Neither the lodgement of the Request for Proposal documents nor the acceptance of any tender nor
 any agreement made subsequent to the Request for Proposal documents will imply any
 representation from or on behalf of SPC that there has been no material change since the date of
 the Request for Proposal documents, or since the date as at which any information contained in the
 Request for Proposal documents is stated to be applicable;
- Excepted as required by law and only to the extent so required, neither SPC, nor its respective officers, employees, advisers or agents will in any way be liable to any person or body for any loss, damage, cost or expense of any nature arising in any way out of or in connection with any representations, opinions, projections, forecasts or other statements, actual or implied, contained in or omitted from the Request for Proposal documents.

We undertake, if our proposal is accepted, to commence and complete delivery of all items in the contract within the time frame stipulated.

We understand that you are not bound to accept any proposal you may receive and that a binding contract would result only after final negotiations are concluded on the basis of the Technical and Financial Components proposed.

Annex 2: CONFLICT OF INTEREST DECLARATION

INSTRUCTIONS TO BIDDERS

What is a conflict of interest?

A conflict of interest may arise from economic or commercial interests, political, trade union or national affinities, family, cultural or sentimental ties, or **any other type of relationship or common interest between the bidder and any person connected with the contracting authority** (SPC staff member, consultant or any other expert or collaborator mandated by SPC).

Always declare a conflict

The existence of a potential or apparent conflict of interest does not necessarily prevent the bidder concerned from taking part in a tender process. However, the declaration of the existence of such a conflict by the persons concerned is essential and allows SPC to take appropriate measures to mitigate it and prevent the associated risks.

Bidders are therefore invited to declare any situation, fact or link which, to their knowledge, could generate a real, potential or apparent conflict of interest.

Declaration at any time

Conflicts of interest may arise at any time during the procurement process or the implementation of a contract (e.g. new partner in the project) or as a result of a change in personal life (e.g. marriage, inheritance, financial transaction, creation of a company). If such a relationship is found and could be perceived by a reasonable person as likely to influence a decision, a declaration of the situation is necessary. In case of doubt, a conflict situation must be declared.

Declaration for any person involved

A declaration must be completed for each person involved in the tender (principal representative of the bidder, possible subcontractors, consultant, etc.)

Failure

Failing to declare a potential conflict of interest may result in the bidder being refused a contract or placed on SPC's list of non-responsible suppliers.

DECLARATION

I, the undersigned, [name of the representative of the Bidder], acting in the name and on behalf of the company [name of the company], declare that:

	To my knowledge, I am not in a conflict-of-interest situation
	There is a potential conflict of interest with regard to my [Choose an item]. relationship with [name of
	the person concerned] in his or her capacity as position/role/personal or family link with the person
	concerned], although, to the best of my knowledge, this person is not directly or indirectly involved in
	any stage of the procurement process
	may be in a conflict of interest with regard to my [Choose an item] relationship with [name of the person
	concerned] in his or her capacity as position/role/personal or family link with the person concerned], as
	this person is, to the best of my knowledge, directly or indirectly linked to the procurement process
	To my knowledge, there is another situation that could potentially constitute a conflict of interest:
	[Describe the situation that may constitute a conflict of interest]
1	

In addition, I undertake to:

- declare, without delay, to SPC any situation that constitutes a potential conflict of interest or is likely to lead to a conflict-of-interest;
- not to grant, seek, obtain or accept any advantage, whether financial or in kind, to or from any
 person where such advantage constitutes an unfair practice or an attempt at fraud or corruption,
 directly or indirectly, or constitutes a gratuity or reward related to the award of the contract;
- to provide accurate, truthful and complete information to SPC in connection with this procurement process.

I acknowledge that I and/or my company and/or my business partners who are jointly and severally bidding on the RFP [SPC Reference] may be subject to sanctions such as being placed on SPC's list of non-responsible vendors, if it is established that false statements have been made or false information has been provided.

For the Bidder: [insert name of the company]

I declare that the particulars given herein above are true, correct and complete to the best of my knowledge, and the documents submitted in support of this form are genuine and obtained legally from the respective issuing authority.

I declare that none of the funds received or to be received by my company will be used for criminal activities, including financing terrorism or money laundering.

By sending this declaration to SPC, I agree that my business and personal information may be used by SPC for due diligence purposes. I also understand and accept that SPC will treat any personal information it receives in connection with my proposal in accordance with its Privacy Policy, and the Guidelines for handling personal information of bidders and grantees.

Annex 4: TECHNICAL PROPOSAL SUBMISSION FORM

RFP22-4904

TECHNICAL PROPOSAL SUBMISSION FORM — SERVICES

INSTRUCTIONS TO BIDDERS

[Insert instructions for bidders to better understand SPC's requirements for their technical proposal.

The Technical Proposal Submission Form is a table that includes the technical criteria (set out in Part 3) on which bidders will be scored and allows the bidder to respond to them. This table is then used by the technical evaluation committee to score the technical proposals received.

The table below is an example of a format that can be modified. In all cases, the Technical Proposal Form should be based on the evaluation matrix and SPC statement of needs.]

Annex 5: FINANCIAL PROPOSAL SUBMISSION FORM

RFP22-4904

FINANCIAL PROPOSAL SUMBISSION FORM – SERVICES

INSTRUCTIONS TO BIDDERS

The following form is given as an indication, the bidder may submit its financial proposal to SPC in another format, provided that it complies with the instructions detailed in this RFP and in particular:

All costs indicated on the Financial Proposal should be inclusive of all applicable taxes.

- 1. The format shown below should be used in preparing the price schedule.
- 2. You must submit this Financial Proposal in a separate email to the technical proposal. All prices in the proposal must be presented in EURO. Your Financial proposal is to be password protected. SPC will request the password when it is required.
- 3. Daily rate in fees with any travel related costs to be met (in accordance with SPC travel policy) SPC will not be responsible for any separate visa fees hence has to be met by the consultant.
- 4. The financial proposal must be submitted inclusive of taxes in accordance with the applicable legislation. However, the final amount of the awarded contract may be paid to the successful bidder inclusive or exclusive of taxes, depending on the tax exemptions enjoyed by SPC as an intergovernmental organisation in its member countries and territories.
- 5. Bidders must also mention any special conditions relating to the amount of their proposal or the terms of payment.

BIDDER'S FINANCIAL PROPOSAL - SERVICES

Financial proposal for the Review of the Pacific Public Health Surveillance	
Network (PPHSN)	
Description	Daily Fee[Euro]
Professional Fees per consultant	[unit price]
Other related cost (if applicable please specify)	[unit price]
Total	[Total 1]

^{*}Advice if fee may differ for remote work and in country if required to travel to the pacific island countries No payment will be made for items which have not been priced. Such items are deemed to be covered by the financial offer.

Bidders will be deemed to have satisfied themselves, before submitting their proposal and to its correctness and completeness, taking into account of all that is required for the full and proper performance of the contract and to have included all costs in their rates and prices.
